WOMAN & CHILD APEX TRAINING CENTRE
PINARAYI | KANNUR

Background:

The Women and Child Development Department, Government of Kerala (WCD Kerala) which was established in 2017 for ensuring the holistic, physical, psychological, cognitive and emotional developments of women and children and a gender sensitive family, community, programme and policy for the development and protection of women and children.

Various training programs are conducting for the capacity building of employees of the department to effectively utilize the various functions of the department and also for the betterment of the society. This department implements schemes like ICDS and many other schemes for women and children. So many projects and other activities are being implemented regularly for the department.

The department aims to establish an **Apex Training Centre at Pinarayi** Grama Panchayath of Kannur district to coordinate and implement such training activities of the department.

Vision

Aiming at comprehensive upliftment and development of women and children in the state, it is intended to increase the capacity and efficiency of all categories of employees of the department to enable its effective implementation.

Mission

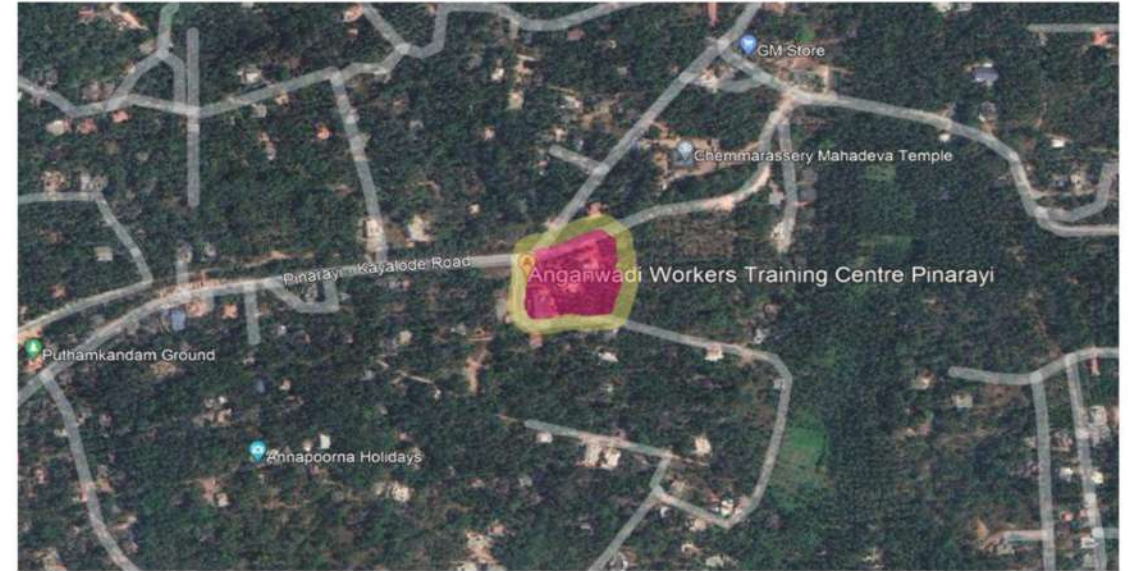

To provide training to various levels of officers/employees of WCD Kerala, as well as numerous departments and agencies involved in WCD Kerala operations, in order to raise knowledge of the department's activities.

To develop an international level training centre for early childhood development.

Proposed Site Location

Location map-Pinarayi

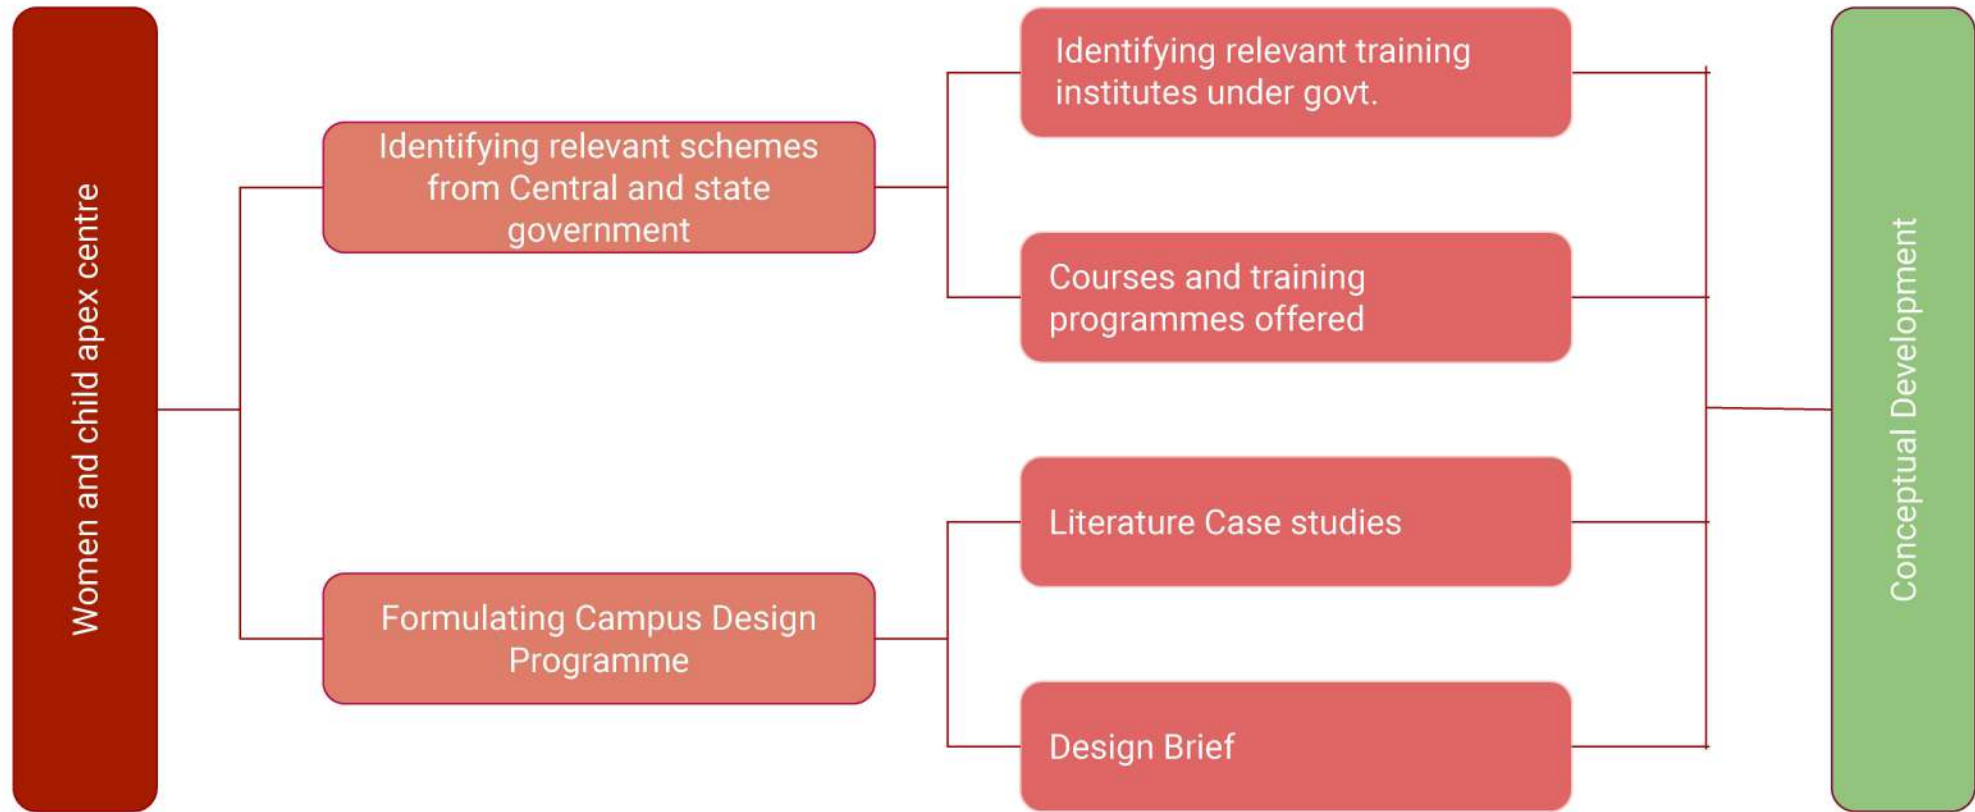

Anganwadi training centre Located in Pinarayi

Limitations:

- The proposed site extends to an area of 1 acres approx.
- There are two existing buildings (Balabhawan & Training centre) in the site which is to be retained.
- Sloping site with 5.5 m height difference from existing road level.

Methodology

Schemes

Central:

- Ministry Of Woman & Child Development, Govt. Of India

State:

- Dept. Of Woman & Child Development, Govt. Of Kerala

Relevant Schemes for Development of Woman & Child

TRAINING GUIDELINES FOR MLTCs/AWTCs:

The Ministry of Women and Child Development (MWCD), Government of India has been implementing the world's largest and most unique and outreach flagship programme of **Integrated Child Development Services (ICDS) (renamed as Anganwadi Services)** providing a package of services comprising supplementary nutrition, immunization, health checkup and referral services, and preschool non-formal education.

The Integrated Child Development Services, a centrally-sponsored scheme, is implemented by the States/ UTs which was launched on 2 October, 1975.

Training and capacity-building are crucial for the achievement of programme goals and objectives. Hence, the emphasis on strengthening the training at State levels, strengthening monitoring and accreditation of NIPCCD, MLTCs and AWTCs, revision of course curricula/modules/training and learning materials, upgradation of training facilities, mandatory in-service regular training programmes, training on needs assessment and revision of financial norms have been made by MWCD.

Training Structure & Pattern:

Three-tier Training Structure:

Middle Level Training Centres (MLTCs)

for the training of supervisors and instructors of AWTCs (located mostly at the district level);

1 National Institute of Public Cooperation and Child Development (NIPCCD) and its four Regional Centres (at Guwahati, Lucknow, Bengaluru and Indore)

for training of CDPOs/ ACDPOs and instructors of MLTCs.

3 Anganwadi Workers Training Centres (AWTCs)

for the training of Anganwadi Workers and Helpers (located at the district/block level);

Source: Comprehensive Training Guidelines for AWTCs and MLTCs August 2017, MWCD, Govt of India

Training Structure & pattern:

Pattern of Training:

01	Induction training	<ul style="list-style-type: none">with a shorter duration of five working days is conducted for supervisors in ICDS programme with a batch size of 25
02	Job Training	<ul style="list-style-type: none">on in-service training course for Anganwadi workers, supervisors and CDPOs is organized for a longer duration of 26 working days;
03	Refresher Training	<ul style="list-style-type: none">is conducted with a shorter duration of five working days with a gap of two years of service;
04	Theme-Based Skill Specific Training	<ul style="list-style-type: none">is conducted to impart key experiences to trainees with proper skill practice to gain competency for enhancing their performances on specific component

Physical Infrastructure of MLTCs/AWTCs:

Required amenities as per Training Guidelines for AWTCs and MLTCs

Adequate physical infrastructure is one of the most important considerations for providing and sustaining quality training to ICDS functionaries. The MLTCs should have adequate physical infrastructure to organize training which would include:

- Classrooms
- Demonstration room
- Hostel
- Library
- Computer room
- Office room
- Kitchen
- Dining hall
- Bathrooms
- Toilets etc

The National Institute of Public Cooperation and Child Development (NIPCCD), New Delhi

- Is undertaking training, research, consultancy and publication pertaining to different aspects of women and child development.
- The Institute continues to extend its support towards capacity-building of stakeholders under the Beti Bachao Beti Padhao Scheme (BBBP)
- The Institute runs a regular one-year course in **Advanced Diploma in Child Guidance and Counselling** with a vision to bridge the gap of trained professionals for undertaking guidance and counselling intervention with children and their families in different settings.
- In order to build-up the capacity of functionaries associated with the implementation of One Stop Centre Scheme, the Institute organized nineteen (19) Induction Training Programmes/Orientation Programmes for Functionaries of One Stop Centres.
- The Institute also organized Training of Trainers of Elected Women Representatives of Panchayati Raj.

28	Library	400	
29	Games Room	590	
<u>OTHER REQUIREMENTS</u>			
30	Open Air Theatre	--	Provided
31	Well, Tank & pipe connection (Drinking water facility)	--	
32	STP, Incinerator	--	
33	Lift	--	Provided

Concept:

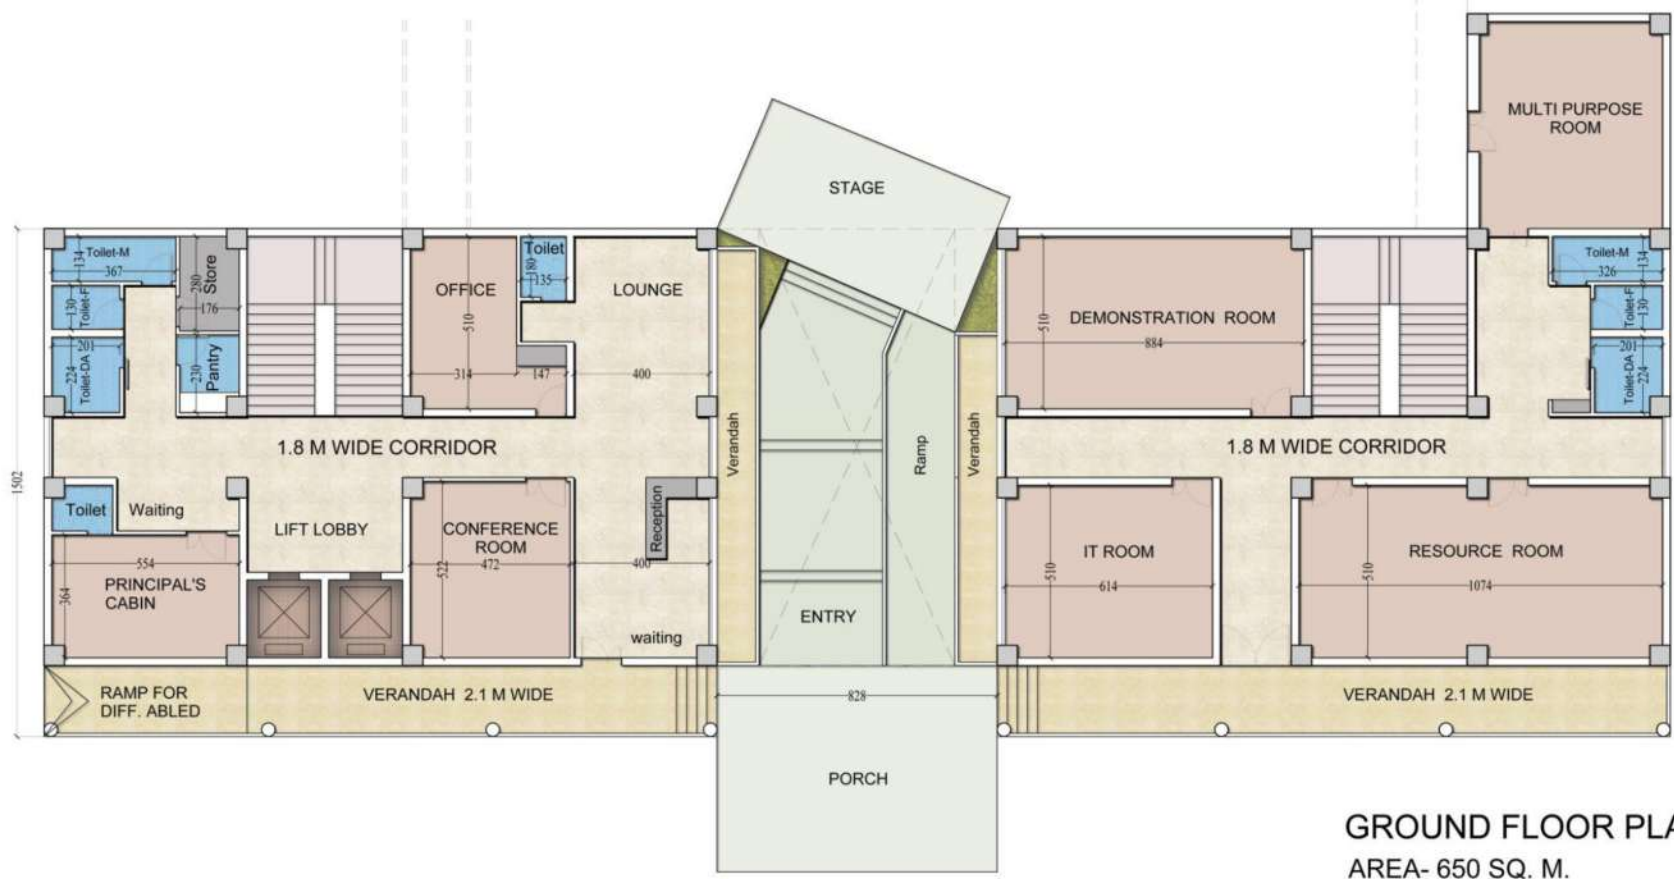

- A holistic plan for the campus for elevating the campus to an international level.
- Master plan considers the vision of the organization and to identify the components which has been given as requirements and convert it into solid blocks. This will become a model for the state and also for the nation.

Master Plan

- Since the site is sloped, the planning involved linking all the buildings through bridges and pathways to improve circulation.
- The entrance leads to the central Amphitheater, and all of the structures are directed to this OAT, which is surrounded by gardens and play area.
- The addition of the new main block serves as a catalyst between the current AWTC building and the Balabhawan.
- Planning and designing done considering the tropical climate of the site.
- Planning and design were made with considering the tropical environment and topography of the location.
